# **SFNSORS**

Microwave Sensor up to 12Mtrs (Recessed)

## **MERIDIAN** LIGHTING CONTROL

We are pleased to announce our NEW range of Lighting Control Equipment. This elegant range of Infrared, microwave and occupancy Motion Detectors combines the latest sensor technology with modern design to create a range of well-balanced units. The motion detector is equipped with two highly sensitive infrared detectors positioned at a specific angle to each other. Reliable, uninterrupted all-round 360° detection. Reach of the motion sensor can be set to a maximum of up to 12Mtrs by turning the multi lens. Time and twilight threshold can be infinitely varied at control dials.

### Combining full adjustment lighting detection controls

The reach of the motion sensor can be set to a maximum of 6m by turning the multi lens. Time and twilight threshold can be infinitely varied with the control dials

These elegant White 360 Recessed 12M Infrared Motion Detectors combine the latest sensor technology and modern design to create well-balanced units. The motion detector is equipped with two highly sensitive infrared detectors positioned at a specific angle to each other. Reliable, uninterrupted all-round 360° protection. Suitable for outdoor and indoor, front of large buildings, driveways, gardens and courtyards as well as for corridors or basements.

#### Features & Benefits

- Approvals:- (UKCA, CE, ROHS)
- Construction:- Poly-carbonate
- Voltage:- 220/240VAC 50/60Hz
- · Colour:- White
- Guarantee:- 5 Years
- · Full detection adjustment controls
- Suitable for indoor use IP20

Full 'turn to open' contro adjustment access without removal of fitting.

#### Features & Benefits

- Made to BSEN 5008-1 230/240v 50Hz fitting
- Typical Load of 2x250W HPS or 1000W Tungsten
- Time delay function prevents the control unit from being harmed through repeated switching by disturbances such as car lighting and lightning. It is especially useful in areas with unstable voltage supply
- 10-15 Second Switching Delay
- · Electrical life of 5000 cycles

Dusk to Dawn Photocells

#### **PCHEAD**

- Photocell Head only Electronic
- Photo diode Sensor
- Dimension: 80mm
- Height: 55mm
- Opal colour

· Enclosures made from UV stabilised polycarbonate, fit for requirement of UL94 5VA flammability standards

#### Dusk to Dawn

- . Adjustable to nature lighting level and turns off during the daytime on at
- Photocell turns on when surrounding light is < 16Lux</li>
- Photocell turns off when surrounding light is >80Lux
- Suitable for road lamps, courtyard lamps, hallway lamps & door lamps

#### **PCKIT**

- Photocell Kit Electronic
- Photo diode Sensor
- . Kit includes head & wall bracket and Nema socket
- 20mm Cable entry
- Dimension: 80mm
- Height: 129mm
- Black body and Opal head
